

SCAPPOOSE RURAL FIRE PROTECTION DISTRICT

P.O. Box 625 • 52751 Columbia River Hwy. • Scappoose, Oregon 97056
Phone: (503) 543-5026 • FAX: (503) 543-2670 • www.srfd.us

**REGULAR MEETING OF THE SCAPPOOSE RURAL FIRE PROTECTION DISTRICT
BOARD OF DIRECTORS, HELD AT 7 P.M., THURSDAY, JANUARY 11, 2018,
SCAPPOOSE FIRE STATION, SCAPPOOSE, OREGON.**

ATTENDANCE: Board members: D. Grant, D. Sorenson, A. Kriek, D. Graham and R. Cairns.

ALSO PRESENT: Fire Chief Greisen, D/C J. Marks, D/C J. Pricher, and J. Salisbury

CALL TO ORDER: President Grant called the board meeting to order at 7:00 p.m.

AUDIENCE PARTICIPATION: CRFR Board Member Kelly Niles attended. Mr. Niles reported that CRFR's call volume now averages 14 calls/day. Mr. Niles has challenged his board to plan now for future increased capacity needs. Scappoose's call volume for December averaged 7 calls/day.

CONSENT: President Grant opened discussion on the consent agenda items. Mr. Graham moved to approve the consent agenda as presented. The motion was seconded by Mr. Kriek. Mr. Graham asked about the LED lighting purchase. Chief Greisen said that McCoy Electric will spend about a week installing them in the parking lots. Mr. Grant noted the new LED lighting in the bays. Mr. Graham requested that the District track the expected savings on the electric bills.

Mr. Kriek asked about California conflagration reimbursement. Chief expects California to reimburse Oregon crews before FEMA pays them. Chief Greisen said there will be a conflagration presentation at the February meeting.

Motion to approve the consent agenda carried unanimously.

CHIEF REPORTS: Local Government Investment Pool interest – The rate has doubled from .88% to 1.62% in the last 18 months. This is why the District's interest receipts are 106% of budget at mid-year.

The 4th quarter Financial Hardship write off was \$118.29. Chief Greisen noted that most financial hardship write offs are based on the Board's written direction to write off the same percentage as the hospital.

FireMed report - Households covered have increased in number, while the number of people covered has decreased. This reflects smaller household sizes.

Fire Chief – Board members noted that it was another busy and successful holiday season. Mr. Sorenson asked whether staff gain qualifications by going on conflagrations. Chief Marks said that the California conflagration gave him the opportunity to run a crew and complete his engine boss certification. ODF sent almost 200 people to the California conflagration because it has less regular work at this time of year and so can quickly put together hand crews.

Operations Chief – Image Trend will start at CRFR soon, quickly followed by SRFD. Chief Greisen said that set up will take significant amounts of time, hopefully no more than 6 months.

Mr. Sorenson asked about CAD development. We have been using Apple products on iPads, but CAD is more compatible with Microsoft SurfacePro. The long-term goal is to use one platform. As CCOM gets closer to its go-live date, more information will be available. We did not learn the actual license cost until last month. Chief Greisen said we will be using both iPads and Microsoft at first. We have 13 free computers from the Washington County Sheriff's Office that just need new hard drives at about \$100 apiece. We will know within a couple weeks what will and will not work. Cellular does not work in many parts of Columbia County, but VHF mobile radio signals work everywhere. Mr. Sorenson asked whether we could hire a contractor to do the setup for CAD so the division chiefs can continue their usual duties. However, the system is new to Oregon. Washington, Clackamas and Columbia Counties are all starting at roughly the same time. One advantage of the new CAD system is that it will have extensive technical support here in the U.S. This is not true of the old system.

EMS Chief - Good Samaritan's tests for flu are running 40% positive. Saline bags are in short supply. This is partly because a major saline bag manufacturing plant is in Puerto Rico. It was damaged during the hurricane and now is functioning with intermittent power. In addition, a large shipment froze in the cold weather on the East Coast.

Ms. Kerr, the new Community Paramedic, expects to start receiving clients from CareOregon about mid-January.

Training Chief - Chief Marks described several situations from the California conflagration trip.

Fire Marshal – Chief Pricher has his drone license. The FAA calls drones sUAS – small Unmanned Aerial Systems. Administrative time

for the Fire Marshal was down in December because Ms. Booth was busy helping with Share & Care. Pending commercial projects include one 43,000 sq. ft. hangar and another at 27,000 sq ft, plus a couple subdivisions on the horizon. Mr. Sorenson asked about fire code for cannabis. Chief Pricher said that the problem is that this is an emerging industry that was previously considered illegal and so was unregulated. Therefore a standard approach must be developed. One challenge is that Oregon has the most lenient rules, so Washington investors are opening plants in Oregon, particularly in Rainier, where there are fewer requirements. The regulatory goal is to make plants safe for both employees and first responders. Effective January 1, 2018, the NFPA has a code section on cannabis operations.

Miscellaneous: The City of Scappoose is considering an urban renewal district. Chief Greisen has been invited to be on the committee.

The chiefs now have District cell phones and will no longer receive phone pay.

There will be a tabletop exercise in Portland through the UASI program with Clark, Multnomah, Clackamas, Washington and Columbia Counties and Portland to address concerns about having no fuel during an earthquake.

14 applications have been received for the part-time EMS-only positions – half EMTs and half paramedics. Once they are trained, Scappoose's team will work 7 a.m. to 7 p.m. and CRFR's will work 10 a.m. to 10 p.m. We do not have funds for fulltime because the benefit packages are too expensive. Depending on how this works out, fulltime EMS-only may be considered again in future.

OLD BUSINESS: Committee Reports & Other Items.

- A. Awards & Incentives Committee – nothing to report. The next meeting with the Board is in February.
- B. Management Team Committee – Met before the meeting and discussed the items on the agenda. Another joint meeting between the Districts will probably be scheduled for February.
- C. Planning Committee – A meeting is scheduled for Tuesday January 16th at 6:30 pm

NEW BUSINESS

- A. Mr. Graham moved and Mr. Kriek seconded appointing Ms. Salisbury as Budget Officer. There was no discussion.
Motion to appoint Ms. Salisbury carried unanimously.
- B. Mr. Kriek moved and Mr. Cairns seconded approving the Budget Calendar. There was no discussion.
Motion to approve the Budget Calendar carried unanimously.

C. Mr. Graham moved and Mr. Cairns seconded reappointing Susan Reeves and Richard Dew to the Budget Committee for another 3 year term. There was no discussion.

Motion to reappoint Ms. Reeves and Mr. Dew to the Budget Committee carried unanimously.

Mr. Cairns asked how the 911 texting system was working at CCOM. Chief Greisen said we had not heard and he would request an update for the next meeting.

AUDIENCE: No comments.

GOOD OF THE ORDER: The Board recognized the thank you notes from the California fires. President Grant said the people who went there did a great job and should "be commended for their efforts and also for how they comport themselves in front of people around the country. It's a nice reflection on our two departments."

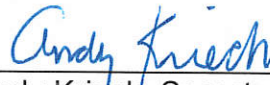

The next board meeting is Tuesday, February 6th since the Board will be attending the Special Districts conference in Seaside starting Thursday, February 8th.

ADJOURNMENT: Mr. Kriech moved to close the meeting, Mr. Cairns seconded, and the motion passed unanimously. President Grant adjourned the meeting at 8:25 p.m.

Signed this 6th day of February, 2018.

David Grant, President

Andy Kriech, Secretary/Treasurer

AGENDA

Meeting of the Scappoose Rural Fire Protection District Board of Directors, Thursday, January 11, 7:00 P.M., Scappoose Fire Station, Scappoose, Oregon.

- I. CALL TO ORDER
- II. AUDIENCE PARTICIPATION
- III. CONSENT AGENDA
 - A. Minutes from December 14, 2017 meeting
 - B. Bills to be approved January 11, 2018
 - C. Budget vs. Actual a/o December 31, 2017
- IV. REPORTS
 - A. Chiefs' Reports
 - B. Miscellaneous –
- V. OLD BUSINESS
 - A. Awards & Incentives Committee
 - B. Management Team Committee
 - C. Planning Committee

Fire Chief Report December 2017

December is always very busy with Toy & Joy in St. Helens, Holiday Hope in Rainier and Share & Care in Scappoose. None of these programs would be successful if it wasn't for the volunteer and career firefighters, administrative staff, and all the other community volunteers which make these programs successful. The following are the approximately number of households assisted through the fire districts.

Rainier	96
St Helens	350
Scappoose	222

With the mobilization of resources to California, the Christmas giving programs sidelined many projects along the way. We were only able to have one Chief's meeting this month. The personnel from Columbia County that were sent to California received experience in fire conditions which will mostly likely not be repeated. They have received training which they will be able to pass on to other firefighters and we will have additional personnel certified to meet requirements of Oregon certifications requirements. Over the next two months we will be working on guidelines for staffing of apparatus for mobilization within the county.

Up Coming Events;

Special District Association of Oregon Conference in Seaside February 8-11 2018

December 2017 – Chief of Operations Monthly Report

December 2017, with some surprise our District responded to an out of state mutual aid request from California. Columbia County sent Strike Team 12, Type VI wildland apparatus and personnel to assist on three (3) large scale fires, the largest in California State history was the Thomas Fire in Ventura/Santa Barbara County. The Thomas Fire is still not contained as of today and has grown to over 300,000 acres. One firefighter lost his life during firefighting operations on the Thomas Fire, Cal Fire Firefighter. Operations continue to work on several projects/topics that are currently in progress:

- Image Trend, the High Plains replacement for our emergency reporting system is in process. We have begun the task of gathering information to transfer over. This process will involve all aspects of CRFR and eventually SRFD. The process for Image Trend continues assistance by career staff and chief officers will improve the process. Tentative implementation date is slated for March 1, 2018
- Crew Sense, another aspect of High Plains that deals with Personnel Rosters, vacation, sick leave, overtime, and general time accounting also is in process. Finance has paid for the Crew Sense subscription, crew rosters have been built. Training the officers and A/L's is the next step in the process. Working with Local 3215 to develop call back and overtime selection procedures.
- Saw Kits – Operations is working with Chief Pricher to develop, stock, and deploy chain saw kits on all Type I and Type VI Engines. These kits will include additional chains, spare bar, bar nuts, and sqrench.
- Ambulance Only operational period, hours of deployment. Currently working with the EMS Chief on how, when, and where we will deploy this 12 hour asset.
- CAD development: Operations is working with the Safety Chief on the electronic platform that our agencies will use in conjunction with the new TriTech CAD system at CCOM. Currently we use IPAD/Apple Products; there is a possibility that the use of Surface Pro tablets might be required. The new CAD system includes changing of station and apparatus numbering for Columbia City, Deer Island, Goble, Rainier, Fernhill, and LBTC.
- Wildland/Conflagration response reimbursement: This year's wildland/mutual aid response was large and lengthy. We have begun billing for our equipment and manpower to the State. It is the goal of the Administration to re-invest these funds into needed equipment, supplies, and items that would ultimately come from the general fund in some form or another. When we begin to receive our reimbursement we will present our options to the Fire Chief and Board for considerations.

Meetings:

- Crew Sense
- CAD/CCOM
- Operations Committee Meeting
- Southern California Conflag Response– Creek Fire, Lilac Fire, Thomas Fire: December 6-20, 2017
- OSFM – Conflag NFIRS Reports – Thomas Fire Report
- Senior Staff Meeting
- Personnel Issues

EMS Office Activity

December 2017

ImageTrend: Continued work building the database for patient care reports. The platform is very detailed and customizable to meet our needs. Time invested during initial setup will make information entered in the field easier resulting in more accurate data.

Oregon Health Authority: Columbia River Fire & Rescue was selected for a random inspection by the State EMS Office. Some materials including policies, procedures, agreements, and other requested documentation has already been forwarded to the State. A representative will be conducting the onsite portion on January 10th.

Community Paramedic: Nina Kerr joined our ranks December 18th. She is very excited to be serving in the capacity of community paramedic after more than 30 years in the field. Nina has been focused on orientating to our communities and resources. She has also been working with CareOregon learning how their systems operate. Nina will be getting assigned clients in the second half of January.

EMS Supplies: We have encountered numerous back orders, allotments, and severe price increases in regards to our medications in the past couple of years. One medication that cost \$18 went on back order for six months and recently became available, at a price of \$196. Back orders create challenges in balancing our internal supply and demand without having an abundance of items expire before being utilized. Unfortunately, this is a national issue and not under our control. We work closely with our suppliers to anticipate shortages but prices continue to increase disproportionately from the manufacturers.

Conflagration: Deployed as the Strike Team Leader for the conflagration response in California. We were assigned to three separate fires spanning four counties during the 15 day assignment. Most time was spent at the Thomas Fire working 24 hours on, 24 hours off. Duties included structural preparation, point protection, supporting burnout operations, tactical patrols and overhaul. Our firefighters gained valuable experience and represented Columbia County very well.

Previous Month 165

ADMIN Staff Time: 50 hours (Estimate)

General Info:

Duty officer from 12/6-12/15. Attended the sUAS training put on by SDAO. Took the FAA Part 107 test and received my sUAS pilot license. The training was to teach pilot basics and assist with starting up a drone program for the district. Currently working on a Policy and operating guideline for both districts. We have funding for 3 more pilot training for CRFR and 2 for SRFD. Attended the Fire Investigation Team (FIT) meeting and am working on a new fire investigation policy. Also in the works are new PPE requirements for Fire Investigators to protect them from the smoke hazards among other things. Attended 2 fire code committee meeting in Salem regarding adopting the new fire code. Continually meeting with the County to problem solve some of the Cannabis industry challenges. Projects completed include, new website, Cannabis Report form, new driveway flow chart and forms.

Respectfully Submitted by Jeff Pricher

This graph below shows project completion. The Green represents projects completed. The Red shows overdue. The Yellow identifies projects due in the future. The grey area represents open or ongoing projects (Subdivision, Industrial Building).

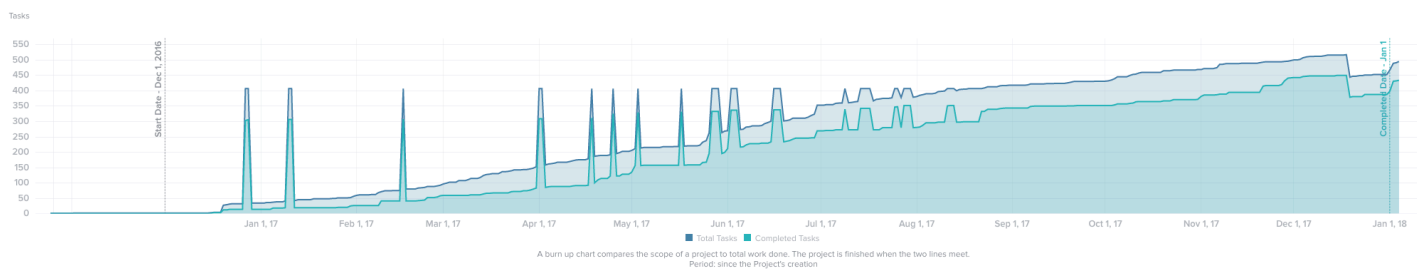

Project Overview

Completed 87% (433 Tasks) Overdue 8% (38 Tasks) Planned 1% (4 Tasks) No Due Date 4% (19 Tasks)

The graph below depicts the time frame between December 19th 2016 and January 1st 2018. The top line is projects submitted and the middle line represents project completion. Since we started this program, the fire marshals office has initiated over 685 tickets or projects.

Dear Scappoose Fire & Police Department Professionals:

I wanted to personally thank many of you who attended my rather unconventional (gear up) landing at the Scappoose Airport last Tuesday evening. What was a somewhat surreal- and humbling- end to my local night practice flight was wrapped up efficiently and in a professional manner, with all the needed connections being made.

It was reassuring to have all your lights shining on the runway to protect against any other aircraft wanting to occupy the same space at the same time, and to make mobilizing the plane more safe and efficient.

It is a privilege to have you serve me, and to continue to work alongside you in the Scappoose community.

Sincerely,

A handwritten signature in black ink, appearing to read 'Steve Wahls', with a stylized flourish at the end.

Dear Chief Mike Greisen,

Thank you so much for all your crew coming here to California to help us here in the Sespe Wilderness and Fillmore!

It's hard to put in words how much we appreciated your help. I live in Fillmore & it was scary watching the fire coming

down the hill. All of you are very much appreciated for everything that you did.

Can't say THANK YOU enough!

Blessings, Lanene

Do any of my St. Helens family know this man or any of his crew? All of us in Fillmore are so very thankful for the amazing work they did to save our small town!

For Fire Fighters

Please write a note to Chief Mike Greisen of Columbia River Oregon letting him know how much we appreciate his crew that came down and fought the fire in the Sespe Wilderness and Fillmore. As we know, the usual resources were over extended and therefore it was imperative to have teams from other states involved. Hopefully, we will never need this sort of assistance again, but if we do, it is helpful that this chief know that his team was needed and appreciated. Address and email below.

Happy New Year!

SW

Dear Chief Mike Greisen:

A day at the Van Trees ranch doesn't hurt. We do not wake up to the sound of trash trucks backing up nor leaf blowers. We awaken to the smell of wildflowers which bloom year-round here in sunny SoCal and listen to the ducks quack at delicious mosquitos next to our 'beach' named Swallows Nest. We don't pick up a daily paper at the end of our driveway and rarely see a neighbor to wave to as we all value privacy afforded us here.

At night, we sit outside in the dark, dark black and watch stars wink and shoot. We are able to relax and appreciate. We 'get away' every day and are envied as friends and family pass saying, 'you get to camp all the time!' And we smile at our dog who bounces and raises hell Every. Single. Day. because we know we are not disturbing anyone.

We noticed our resident the Fantastic Mr. Fox standing at the edge of the ranch lawn late one night. While a wild fellow, he stared over at us from the trees after watching fire crews fight. *Your* fire crews. Survival was at once an understatement and understood.

We made coffee and offered use of the facilities for those brave who risked their lives successfully preserving this amazing space; it was the very least we could do. Living and loving is here and beyond precious. Those in your employ know the language of this refuge; this haven.

We will always remember that it was saved and protected because of expertise, devoted training, heart and soul.

Sincerely,

Respective Van Trees Occupants

Scappoose
Fire District

To: Mgreisen@srfd.us

Dear Chief Mike Greisen,

I personally am "thanking you" and your crew for fighting the fires in the Sespe Wilderness and Fillmore. My husband and I live near the high school and watched the fire on the mountain slowly creep down. It was a stressful time for all of us and we are so grateful to all of you that you would lay your life down to save others. As I learned from the fire fighter's prayer, I want to fill my calling and give the best in me. Our hearts go out to the two people that perished during the Thomas fire, they will not be forgotten. Now it's the time to rebuild and come back better than ever!

Respectfully,

Carol Parker-Reilly
